Width 17" Depth: 15"

Lifestyle changes in recent years have introduced a popular element in new homes and renovations: the kitchen bar or island, a place where family and friends may gather if only briefly. Our stools have become well-used fixtures in many homes. They are extremely light weight, but built to last a life time. We have two standard sizes for 36" or 42" high counters and we will also build to fit your special needs. "Custom," built-to-order furniture is what we do best with all our products, whether it's a stool or a table or a built-in desk for an office. We encourage our customers to send us their plans and share their thoughts so we can build the best furniture for their home.

Shaker & Custom Beds

"The Brunswick Bed"

We make "standard" Shaker style beds as well as custom designs like the one above. Please call us for pricing and style options.

Dropleaf Harvest Table
Item # T10

Available in Lengths 42" - 84"
Width: 26" Down 41" Leaves Up

The Dropleaf Harvest Table is the perfect space-saving solution. When the leaves are down, our standard side chairs fit neatly underneath. Our side chairs will also tuck between the legs at the end of the table affording you even more space in the room. We offer the Harvest Table in standard sizes with square or round tapered legs. We will also build this piece to order with a narrower center panel and wider leaves like many traditional dropleaf tables.

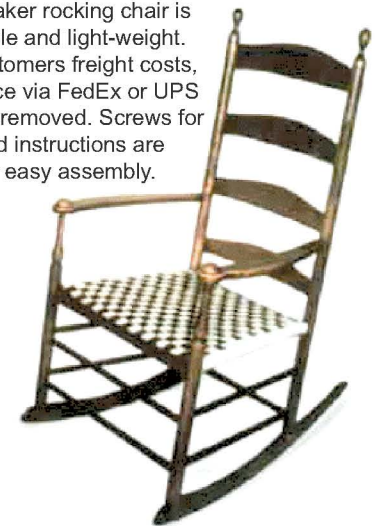

Curly Maple
Bedside Table
Item# T14ACM

Top is 18" Square. Height: 27 1/2"
We will also build-to-order

Canterbury Ladderback Rocking Chair
Item# CAN9

The classic Shaker rocking chair is very comfortable and light-weight. To save our customers freight costs, we ship this piece via FedEx or UPS with the runners removed. Screws for attaching and instructions are included for easy assembly.

Back Ht: 40 7/8" Seat Ht: 16"
Width 19" Depth: 17"
